## Moore - Alef Vows Spoken

Miss Gloria Anne Moore, daughter of Mr. and Mrs. Charles E. Moore, became the bride of John H. Alef, son of Mr. and Mrs. M. J. Alef of Grosse Pointe, on Saturday, January 19th. The vows were spoken at St. Mary's Rectory at eleven o'clock in the morning. The Rev. Fr. John Breitenstein officiated at the single ring ceremony.

Gloria was given in marriage by her father. Her wedding dress was a winter white two piece wool suit the lapels of which were embroidered with rhinestones and pearls. With this she wore a fingertip veil that fell from a little cap fashioned of seed pearls and white accessories. She carried white hyacinths centered with a white orchid.

Miss Elizabeth Keith of Grosse Pointe, former Alma classmate of the bride, was her attendant. She was attired in a gold stripe cocoa brown wool flannel suit and wore gold accessories. Her flowers were hyacinths intermingled with yellow roses.

Mr. Philip Alef, brother of the groom, of Detroit, was best man. Mrs. Moore wore a plum colored two piece ensemble for her daughters wedding and a corsage of yellow roses. Mrs. Alef chose brown lace and wore a pink rose corsage.

On Friday evening following the wedding rehearsal Mr. and Mrs. Moore entertained members of the wedding party and guests at their home at Lake Margrothe. Following the wedding on Saturday they were hosts at a wedding breakfast at Shoppenagons Inn. A reception was held at their home from two to five Saturday afternoon for 150 guests. Bouquets of white gladioli, baby mums and yellow roses were placed about the rooms. The refreshment table was centered with an arrangement of yellow roses guarded on either side by white tapers in crystal holders. Another serving table was centered with the wedding cake which was five tiered and topped with a miniature bride and groom under an arch. This was graced on either side by white tapers and encircled with little bouquets of huckleberry greens. After the bride and groom had cut the cake Mrs. Clarence Parrish presided and served cake to the guests.

Gloria graduated from Grayling High School in 1948, attended Leelanau School for Girls at Glen Arbor for one year and Alma College for two years where she majored in speech. Mr. Alef graduated from the University of Notre Dame in 1948 and spent 3 1/2 years in active service with the 83rd Infantry. He is cashier at the Grayling State Savings Bank.

With the Saturday, Sunday and Monday night's snowfall, the Grayling Winter Sports Park was getting back into excellent condition, Park Manager Lacey Stephan reported. ## Porch "Light Night" Friday

In an attempt to contact all Grayling residents a "porch light night" will be held in Grayling Friday night by the Crawford County Chapter, National Foundation for Infantile Paralysis.

A volunteer solicitor will be in each city block in Grayling from 6 until 7 P. M. and will stop at each residence for their donation to aid in the fight against the disease. Turn on your porch light and light the volunteer's way in an effort to stamp out infantile paralysis.

Willard Cornell, director of the Chapters March of Dimes announced today that Mrs. Minnie Hartley will contact all of Grayling's organizations for contributions to the fight against polio. The Mom's Club of Kalamazoo will handle the solicitation there, while members of the County Board of Supervisors are each handling their own townships. The business district of Grayling will be covered during this week and next by volunteer collectors, members of the Grayling Kiwanis Club.

On Monday night, February 4, members of both the men's and women's bowling leagues will bowl at Spikes Recreation to help swell the fund to combat polio. As in the past, Harold MacNeven will donate the use of the alleys. The only expense will be the remuneration to the pin boys with the remainder collected going to the March of Dimes.

Larry Galschitz, chairman of Crawford County Chapter, who chaired the dance under the sponsorship of the Kiwanis Club, gave a report at the club's meeting Monday night which revealed that nearly \$150 was realized for the March of Dimes through the entertainment. Although the weather was very bad Saturday night, a large crowd attended the dance and had a very fine time.

Friday night, remember your porch light. More about the bowling benefit next week.

## 2 Basketball Games, Dance Saturday Night To Aid Community Building Fund

### Affair Sponsored By Women's Club

Two independent basketball games followed by a dance Saturday night at the Grayling High School Gym will aid a fund for a Community Fund Building. The affair is being sponsored by the Grayling Women's Club with all proceeds of the affair being turned over to the fund which will go towards a Grayling Community Building. The fund which has already been established with money from the Grayling Sportsmen's Club is being co-ordinated by the Grayling Chamber of Commerce.

The Saturday night affair will get underway with the Bear Archery basketball team meeting the Auto Lite team of Bay City at 7:30. At 8:30 the Hanson Chevrolet team will meet the Sports Bar team of Bay City. These should prove to be 2 good basketball contests as both Bay City teams rate high in independent game circles in Bay City.

Following the two games, dancing will be enjoyed by those in attendance. Music will be furnished by Bob Millane of Flint. This will prove a real novelty in Grayling. Millane is a record collector and has about 3,000 records. He brings about 700 of them along on a trip such as this. He has a small trailer on which he hauls a bandstand. From this bandstand he is trimmed in stainless steel and is light, he operates turntables and a public address system. He brings a very best in square dances and has many records.

ords for that type of dancing as well as for all types of round dancing.

The charge for the two games and following dance will be \$1 per person. Special tickets for students will be sold at the High School on Friday. The entire community is urged to turn out Saturday night to swell the Community Building Fund.

For a long time the need for such a building in Grayling has been felt by all clubs and groups. Land for the building is ready now. A fund for building has been established and money making affairs will be held off and on during the next few months with the hope that enough money will be on hand in the spring that construction can be started.

The building will offer a place for dances, banquets and meetings along with space for an information center for tourists, hunters and winter sports fans. It can be used as a headquarters during any event in Grayling such as Winter Sports Festival, Hunter's Ball, Canoe Marathon or convention of any club or group. It's need in Grayling is definite. The only lack at the time is finances which can be raised as you enjoy your self and get your money's worth too.

Tickets for Saturday night are available from any Woman's Club member or at the following downtown stores: Gould's, Cavers, Hunter's Dairy, Sorenson's, Gorton's, Goods, Peterson's, Harde's, Meade Drug Store, Burrows' Food Market, Davis Jewelry, Dawsons, Baringers.

## Grass Roots Opinion

**Babylon, N. Y., Eagle:** "It may be that the administration looks upon the war in Korea, with its 100,000 American casualties, and 8,000 Americans murdered, as a triumph in foreign policy, but it will be hard to convince the American people that this is true."

**Lewiston, Pa., Sentinel:** "The American public is vitally concerned over the low ethical standard indicated by the scandals in the RFC, the Bureau of Internal Revenue and the Department of Justice. We do not feel that it takes an ethics professor or a student of the Bible to know that acceptance by an official of gifts for special favors is wrong, that using a government position to further his own private financial interest or his business interest or his friends' or campaign contributors' interest is wrong."

**Oconto Falls, Wisc., Herald:** "A talk given over the radio recently contained the statement that graft and greed are not to be found in one political party only. This is true but when one party is in power for a longer than usual period, naturally they also accumulate more of this type of person."

**Clarissa, Minn., Independent:** "No matter what the age of a man, woman or child the drama of Christmas thrills the being; the words 'Merry Christmas' always carry hope for the days to come, and because of this the godlessness of communism can never win."

**Morrison, Ill., News:** "Horrible to contemplate, isn't it, that America is running, not walking, toward a totalitarian dictatorship? So what are we who cherish our freedom going to do about it? For one thing, we can lend encouragement to those Congressmen who valiantly are fighting this centralization of power in the hands of the bureaucrats in Washington."

We did it Again!

That's the jubilant news that comes from Flint to every Buick dealer—and here we pass the thrilling story on to you. It sure is true for '52 that better automobiles are being built—and Buick is building them. Read the good word and you'll agree.

Let's pare this down to plain statements of fact and let them speak for themselves:

The dynamic darling pictured here is the 1952 ROADMASTER.

It has the mightiest engine in Buick history.

It has the biggest brakes of any postwar Buick.

It is the quietest car that Buick ever built.

It has the richest fabrics and smartest tailoring that ever graced a Buick's interior.

It has the greatest trunk space since spare tires moved off the front fenders.

It has the most superb ride in Buick history.

It has the finest carburetor that Buick research has ever devised.

And with all its new power, it delivers more miles per gallon.

But that is not all.

For those who wish it, there is a brand-new version of power steering that works like a helping hand—gives you the same sure feel of control you have always known in straight-away driving—yet takes less than one-fifth the effort needed to turn the ordinary wheel standing at curbside.

Sure, we're putting our best foot forward when we talk about ROADMASTER.

But you'll find a host of notable features in SUPERS and SPECIALS too—plenty to make them, as always, the standout buys in their fields—for ride, for comfort, for style, for room, and for power.

Come in—look this triumphant trio over—and you'll know why every Buick dealer from coast to coast is going around with a smile on his face.

Equipment, accessories, price and colors are subject to change without notice.

# Announcing the Golden Anniversary- Cadillac

...WITH THE FINEST PERFORMANCE OF ALL TIME!

Featuring 3 of Cadillac's Greatest Engineering Achievements!

### THE NEW 190 H. P. CADILLAC ENGINE

Here is the most powerful, the most durable, and the most efficient automotive engine ever offered in a Cadillac car. Its power increase alone is almost 20%—and its new four-throated carburetor, larger exhaust valves, wider exhaust ports and new dual exhaust system make this engine one of the most dynamic performers of all time.

Fifty years ago, the first Cadillac car made its bow to the public. Today, as a fitting climax to those fifty years of progress, we are presenting in our showrooms the Golden Anniversary Cadillac—by far the finest car ever to bear this distinguished name. . . . It is easily the most beautiful of all Cadillacs. Numerous changes have sharpened and smartened the exterior design—while the wholly-new interiors are a revelation in comfort and luxury. . . . Performance is the finest of all time. The great Cadillac engine has a power increase of almost twenty per cent—and is even smoother and quieter in its operation. . . . There's a new Hydra-Matic Drive that gives the proper power application for every need. At a flick of the finger, you can have extra power and acceleration for city traffic and mountain driving—or wonderfully smooth, quiet, gas-saving performance for the open road. . . . And there's a new "power steering" mechanism, optional at extra cost, which reduces normal steering effort by as much as seventy-five per cent! . . . If ever it could be said of a car's performance that it is "out of this world," it can be said of the performance of the new Cadillac. The Golden Anniversary Cadillac is available in three series—the "Sixty-Two," the "Sixty Special" and the "Seventy-Five." . . . These new creations are now on display in our showrooms—and we invite you to see and inspect them at your earliest convenience.

### THE NEW HYDRA-MATIC DRIVE

By introducing an entirely new performance range, Cadillac's Hydra-Matic provides the proper power for every need. . . . extra acceleration and responsiveness for city and mountain driving; smooth, quiet, gas-saving performance for the open road. Optional at extra cost on Series 75. Standard equipment on all other models.

### THE NEW CADILLAC POWER STEERING

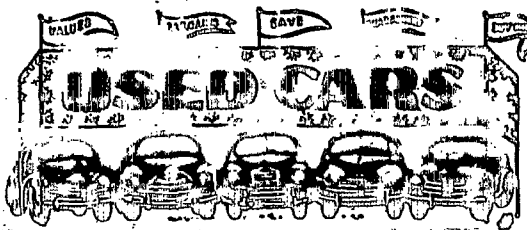

This "power steering" mechanism eliminates as much as seventy-five per cent of all normal steering effort. It provides incredible handling ease, and yet does not interfere in any way with the driver's "road feel" or directional control. Available as an option at extra cost.

## Nation Joined In Polio Fight

The 1952 March of Dimes campaign now being conducted here and in 16,000 communities throughout the country is aimed at equipping the nation to cope with polio on a national basis—the only way, experience has shown, that this strange epidemic disease can be fought with any degree of success.

The fact that no community—no matter how large or small—can meet a full-scale attack of in-

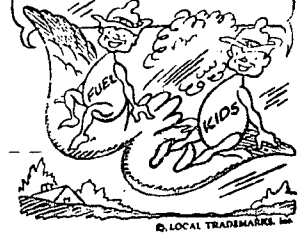

fantile paralysis, is demonstrated by the experience of the first ten months of 1951 when headquarters of the National Foundation sent almost \$7,000,000 in March of Dimes funds to some 800 county chapters whose own funds had been depleted by epidemic demands.

But money, as such, is not the only factor in fighting an epidemic of polio. When infantile paralysis strikes, many other forms of help must come from the "outside," help such as nurses, physical therapists and equipment. During 1951, hundreds of trained personnel and huge quantities of equipment were dispatched to critical areas by the National Foundation.

This two-way fight by headquarters and its chapters is made possible by an even division of March of Dimes funds. Half the money raised remains with the chapter for care of local patients and, in emergencies, to supplement the national epidemic aid fund. The other 50 per cent goes to national headquarters for research, professional education and emergency assistance to chapters in critical areas.

Here's a stopper for upstate voters:

How would you like to have your legislature at Lansing controlled by four counties? It's not so far fetched as it sounds.

Such would be possible legally under a reapportionment plan advocated by Michigan leaders of the American Federation of Labor and the Detroit C.I.O. In fact, petitions are to be circulated soon by the A. F. L. asking that reapportionment of the legislature along lines of the 1950 census be initiated by Michigan voters next November. If voters approve, the bill would go automatically before legislators in 1953.

The Detroit-Flint metropolitan area has more than 51 per cent of Michigan's present population. Therefore, under 100% reapportionment, four counties could dominate the rest of the state in legislative affairs. By concentrating efforts on the election of pro-labor candidates, labor unions could achieve their goals readily.

It is the belief of several upstate legislators that four counties even if they do have 51 per cent of the state's population, cannot speak for ALL of Michigan. The argument is advanced by State Senator Creighton Coleman of Marshall that the legislature should act on a "fair" reapportionment plan in 1952 rather than let things drift further.

The resolution, sponsored by Senator Coleman, would add two senators and freeze the senatorial districts. This would assure geographical representation whereby such cities as Ann Arbor, Saginaw, Grand Rapids, Jackson, Battle Creek, Kalamazoo, Lansing and Flint could control the Senate.

The house of representatives would be enlarged approximately 10 per cent along federal lines. Population consideration would predominate.

Senator Coleman comments: "Where you have a highly industrial, highly agricultural and highly recreational state such as Michigan, with one of the most varied

Goodyear's amazing new machine — the "Tractionizer" — will give your present tires a "cat's claw" grip on wet, slippery roads... and do it right on your car!

Tractionizing is the BEST method known to give tires extra grip on wet, slippery or icy roads! This method uses no recapping materials mixed with sawdust or abrasives that fall out, leaving a number of tiny holes riddled through the entire thickness of the tread. Goodyear Tractionizing "tattoos" its thousands upon thousands of rough-edged holes only into the top part of your original tough tread where it does the good.

No extra tires to buy. No waiting for a special recap job. See us for Tractionizing NOW!
